Eleisha, Matilda and Perry were selected in the Australian Squad and if they make the final teams will be playing in the FINA world Junior Championships in August.

Get along and get involved in making the club bigger and better. If you don't want to nominate for the committee then do some work on a sub-committee.

Did You Know

Olympian & Dolphins member James Stanton's arm span is 2.1 metres. That doesn't allow much room to squeeze a ball past him to score a goal. James started his water polo with Dolphins in our Saturday morning junior program. He now plays professionally in the Spanish National League for the WP Navarra club which is based in Pamplona. James has competed at the last two Olympics.

E3 Men the Model Team

Most people know Peter Skender as simply a fierce competitor in the water but there is more. Since coming from Triton a couple of years ago Peter and his family have been good supporters of the club and last season Peter got top votes in the organisation area, why I hear you ask. Well Peter, as the team leader for men's team E3, ensured all fees were paid and all registration papers were filled out and returned. That is why they are the model team for the future, so choose a team leader and get organised. Registration for next season will be as simple as team members paying the team leader and handing them their registration forms then the team leader makes one payment to the registrar and hands over the team's forms. Well done E3.

Dolphins Club Gym

Dolphins Gym Area

The Dolphins club gym is up and running and **Peter van Rhyn** says that 30 minutes in the gym then a 30 minute session in the pool is a great way to stay fit over the winter months.
